

## Here's what we've been doing at the Rainbow Café

On April 15 we had Robb Nash come in and present to our school. Now we are purchasing blank shirts to print his logo on and sell them to our students to help support his campaign.

We hosted a movie night for our school and other schools which turned out to be quite a success.

We brought Rachel Ashley in to present to our school. She's a high school student from Manitoba who's been bullied and writes folk songs about her experiences.

We purchased three poster display frames to hold messages of acceptance and to advertise our meeting times.
